REIMAGINING RELIABILITY

Pro-Surve is more than just an inspection company, we pride ourselves on providing engineering expertise that delivers a higher level of value to our clients. With our multiple industry experts, we have the skills, knowledge, and training to implement proper task planning, selection, scheduling, and monitoring. Safety and Integrity are our top priorities. Our drive to provide custom tailored solutions to our clients based on our years of industry expertise is what truly makes us unique. We understand your needs as we have worked "both sides of the fence".

INTEGRITY IS OUR HIGHEST STANDARD

Our Mission

We provide quality mechanical integrity inspection and non-destructive testing services, seamlessly and efficiently with our client's workflow practices, providing client peace of mind, while valuing our employee's contributions.

Our Vision

We aim to become the leading source and the company of choice for inspection and non-destructive testing services that complement and enhance the safety, quality, integrity, and reliability missions of our clients.

Our Culture

We develop and maintain a reputation of dependability for high quality and nimble customer service. We care deeply for our employees and their families, who foster our reputation of integrity and credibility and execute their jobs proudly and return home safely each day.

**WE WANT TO BE
YOUR RELIABILITY
PARTNER NOT
JUST YOUR
CONTRACTOR**
